start something

Every donation of time or money starts something that could lead to something BIG

Big Brothers Big Sisters serves children who face serious adversity – those of single or low-income parents. We believe that changing the course of these young lives can in turn change our community's future. Mentoring helps kids learn the importance of helping others, growing up to be more civic-minded adults. Your financial support allows us to provide careful screening and matching of volunteers with these children, as well as the ongoing professional management needed to keep the mentoring relationships going strong, we hope, until the child graduates high school. By supporting our mentoring programs, you help us provide more volunteer mentors and the associated financial resources required to manage and support the volunteers and our programs.

We would like to thank-you in advance for helping us make a difference in the life of a child.

If you have any questions or require further information, please contact Rick at 328-9355.or email richard.austin@bigbrothersbigsisters.ca

Yours truly,

Karen Reid, FCMA
